Ruth's Wrist Gets Good Workout as Autograph Seekers Besiege Him; Pennock Warms Up for Movie Men, Then Retires Disconsolately

BY DAVIS J WALSH,
Marion Star Staff Writer

Yankee Stadium New York, Oct 5—Another bumper crop of baseball zealots rioted in the stadium today, like so much cattle being chivied through the chutes at the Chicago stockyards, and with the motif none so typical of the occasion, they greeted the embattled Yankees and Cardinals as the two champions stepped [illegible] on the diamond for the second game of the world series

They had Grover Cleveland Alexander, the one-game climax pitcher and the hero of the 1926 series with the Yankees, ready to make a supreme bid in this emergency. The Yanks were to counter with George Pipgras, a winner in the 1927 series, or Tom Zachary, a near relic of the profession but still a very capable citizen. Pipgras was considered the more plausible choice in view of the fact that the day was a bit overcast

Pennock warmed up a bit for the benefit of the movie cameramen After a few pitches he retired to the dugout, rubbing his dead arm disconsolately.

Ruth's wrist got a good workout when a mob of autograph seekers besieged him. The other Yankees, carefree in marked contrast to their greatness of yesterday, hustled up in front of the dugout.

The Cardinals concluded their fielding practice at 1:05 o'clock and the Yankees took the field for their final workout

Gene Robertson and Dugan alternated at third base, indicating that Bobby might get the call against Alexander.

CAUSE GIVEN FOR COLLEGE FAILURES

Inadequate Elementary Training Blamed by O. S. U. Professor

Columbus, Oct. 5—That the underlying cause for many student failures in college goes back to the inadequate elementary training, is the belief of Professor Estella Prosser, of the department of sociology at Ohio State university, expressed prior to the opening of the fall term this week.

"Students do not get the essentials in the elementary grades to teach them how to study when they reach the university, Professor Prosser maintains. "Another common cause for failure in colleges following brilliant careers in high school is social and racial contact, especially among those that, in one way or another, become isolated on the campus.

"Students from small towns or from the farms are more subject to isolation, although the students working their ways through colleges are sometimes affected.

"The moral problem is also very important and is common to detract from the scholastic attitude of the student. Many students also fail to adjust themselves to their families, which causes them to worry and not take their studies seriously enough to receive passing grades."

In an effort to stem the increasing number of failures, Ohio State university appointed five junior deans of colleges to look after the new students and Mrs. John Jacobs, to aid them in getting adjusted to the university life.

The Act of Vicious Beasts.

Something over a week ago a Chicago taxi driver was killed by a taxi driver of a rival company and shortly thereafter a taxi was broke out in that city Other reasons may be, and possibly have been, assigned for the development of the war, but it is more than probable that the war had its inception in this murder of a weel ago

No matter how the war started however, it is evident that a taxi war is on in Chicago Were other proofs lacking the bombing of two of the garages of the Yellow Cab company in Chicago would establish the fact The Chicago police see in the bombings reprisals for the shooting of the taxi driver to which reference has been made They hold also, that the recent burning of the 6 service stable on the farm of John D Hertz near Cary, Illinois in which eleven thoroughbred horses valued at $200 000 were burned to death has a direct connection with the war John D Hertz is chairman of the board of directors of the Yellow Cab company and the Chicago police take the view that the burning of his stable manifests the work of incendiaries was another act in reprisal for the death of the driver of a rival taxicab company

The correctness of this view has not yet been established, but should the Chicago police make their case, it is hard to conceive of a punishment too severe for the perpetrators of such a crime If the employees of two or more Chicago taxi companies want to wage war upon each other that is one thing—that seems to be the Chicago way of settling differences—but the burning up of the horses of officials of the company is quite another Little sympathy can be had for wretches who would resort to such a dastardly crime The life of any one of the fine animals sacrificed would be worth those of an army of vicious beasts who would resort to such a reprisal.

Albany, N Y Oct 5—Governor Smith's plans to invade the south in border states, which have been occupying most of his attention since his return from the west have presented knotty problems in the matter of arrangements and management of the democratic itineraries in view of the fact that the governor never plans to leave Albany next week As heretofore indicated his itinerary will probably embrace Raleigh N C Chattanooga Tenn Louisville Ky Seattle Wash and Chicago Another engagement in Indiana or Ohio still is uncertain with the possibility that he will not speak in either state

Keep Plans Secret

For strategical reasons the Democratic schedule makers are keeping their plans strictly to themselves until every date is final and definite This they say, has been necessitated by past experiences wherein considerable difficulty has been met in the routing of trains and making radio arrangements, once it became known that Governor Smith was considering a certain location on a certain date They do not publicly charge the Republicans with obstructionist tactics but they do so privately

Smith Satisfied

Neither is the governor ready yet to announce what subjects he will deal with in his border Dixie tour He may deal with tariff and labor problems on the tour and he may hit the "whispering campaign against Governor Smith is not yet through with that issue, for certain phases of it are almost daily cropping up in new forms most of which reach him in one way or another

The Democratic nominee will embark upon his second tour in a more satisfied frame of mind than he had when he faced the west The Democratic situation in New York state was on his mind then That now has been disposed of with the nomination of Franklin D Roosevelt for the governorship and a strong supporting slate Consequently, the governor will start next week without one of the chief worries he carried with him on his western trip

-o- The New Book -o-

By FRANCES JENNINGS

... mothers whose personalities ... to the divorce habit ... Edith Wharton in her ... the Children," a book ... the easily led public ... cations.

In nearly all her books Mrs. Wharton presents some state of modern life—and not wholly without purpose. Her novels, while primarily entertaining, all are cleverly manipulated satires on life as it is too frequently lived today.

The story of the new book deals largely with the character of Judith, the eldest and "little mother" of "the children." Judith, part child and part woman, is taking her parents' coldly neglected place as the family head and spends her own tragic youth marshaling the little group about from hotel ... from mountain resort to seaside inn at the family behest.

Wins Affection

... too much of a child to understand Judith, unbeknownst to her, ... in winning the affections of "the children" most cherished friend, an American explorer—a decidedly lone figure in the book. It is because of an immature childish love that Marcia Boyce returns to his duties abroad, his hopes for a married and settled future shattered.

In addition to "The Children," who are of course, the chief interest in the book, Mrs. Wharton presents the usually odd assortment of parents, pleasure bent, traveling from mountain to seashore and shifting their hands or wives, as the case may be, with each change of climate or personal whim.

The story is not altogether a tragic one. In fact it's hardly a story at all. It simply pictures the adventures of seven neglected little children during an interesting year of their lives without any very harrowing conclusion.

The book bares the problem of divorce but shows it in no new light and modern state of mutual relationships may be remedied. It simply presents it as a deplorable situation and leaves one with that uncomfortable feeling of, "What, after all, can be done?" The reader seeks consolation in the fact that conditions could hardly be expected to be as serious as Mrs. Wharton has so gravely presented them.

However, written in Mrs. Wharton's own admirable style and with her very great ability, the book is worthy, indeed, of its enviable place with fiction best sellers of the day.

Insists His Discovery Opens Up Catarrh Stuffed Nostrils In Three Minutes-Sometimes Less

Advises All Catarrh Victims to Throw Away Stomach Medicines, End Loathsome Catarrh with Opex and Get Rid of Disgusting Mucus Forever

30 Days Free Trial Says Bradley

Catarrh, one of the most loathsome of diseases, is caused by germs—wicked, vicious, persistent pests that multiply rapidly and by digging into and decomposing the tender membrane cause soreness, swelling, inflammation and nauseous discharges.

A few years ago, Catarrh was considered incurable, because no one was clever enough to get a formula that would spread over the membranes of the nasal tract a purifying substance in which catarrh germs could not exist.

But Opex changed all that and now all you have to do to get rid of catarrh is to spray on Opex and send the germs to eternity.

Just note the picture showing how Opex puts catarrh out of business. See the steam-like smoke going in one nostril and out the other.

When you use Opex you see the healing, purifying vapor as fine as smoke coming thru the nostrils—and it will come thru no matter how stuffed up they are.

That's the way to end catarrh and to loosen those annoying, ringing, buzzing noises in the ears. Many people say it is the only way.

The price of a bottle of Opex that will last two months is $1.00—it is easily worth one hundred dollars to any man or woman who wants clean healthy nostrils free from disgusting mucus.

Opex will end the most stubborn case of catarrh in a few days, because it soothes and heals the sore, inflamed membranes, reduces the swelling and purifies the entire nasal tract.

To make it easy for catarrh sufferers in this vicinity to secure a bottle of Opex and a specially constructed Opex atomizer, Bradley's Drug Store has agreed to keep a supply on hand at all times and will gladly show anyone how easy it is to get rid of disgusting catarrh at trifling cost.

Opex is for sale only at Bradley's Drug Store, with the distinct understanding that if you are not satisfied at the end of 30 days your money will be gladly returned. Opex is delightful to use because of its Wholesome fragrance.—Adv.

JURY DISAGREES

Libau Man To Get Another Trial in Marysville Court

Marysville, Oct. 5—Another trial will be necessary in the case of Roy Weaver, 38, giving his home as Lima, who faced a jury trial here yesterday on a charge of attempting to force his way into a shoe store owned by Frank Galloway, Sept. 6. Weaver has been in jail here since that time as a result of his failure to produce bond.

The man claims he is innocent maintaining that he was in Marysville following the fair with a blanket wheel. He implicates a stranger for whom he states he purchased a meal.

Weaver was identified by witnesses as the man caught trying to enter the store, which was closed on this afternoon on account of the Union County fair.

Marion is Topic of Radio Dialogue at Station WEAO

Marion's radio audience heard the good word and are exceptionally interested in what home town discussed in last night's aerial program from station WEAO, Columbus, when W. D. Turnbull and J. M. Wood, members of the Ohio State University faculty, gave an account of a trip made to this city last Monday.

The visit here, one of a series being made to various Ohio cities, dealt chiefly with local industries, the trips being primarily for obtaining engineering information regarding Ohio factories.

The discussions are presented in the form of a dialogue between Turnbull and Wood.

Memorial Ranked High

In addition to the comments on Marion industries they made special reference to the Harding Memorial, expressing the opinion that it surpasses probably all other structures of a similar nature in the country with possible exception of the Lincoln and Washington monuments.

An account of their visit to the Marion Steam Shovel Co. plant, in which they were shown through the various departments, was a feature of the dialogue. The O. S. U. men also went through the Susquehanna Silk Mills and were impressed with the plant's efficient operation.

Mention Various Plants

Mention was made of practically all local industrial plants, with special reference to the factory which produces what they termed "the famous Huber road roller."

"It is interesting to note," one of the speakers remarked, "that Marion has four great plants making implements for altering the surface of the earth."

"Marion is a good town," was one of the comments. "It is surprising to know how many factories it has turning out machinery so essential to the nation's welfare."

Personal mention was made of City Engineer T. S. Cathers, who was thanked by the speakers for his assistance in directing them on their visit here.

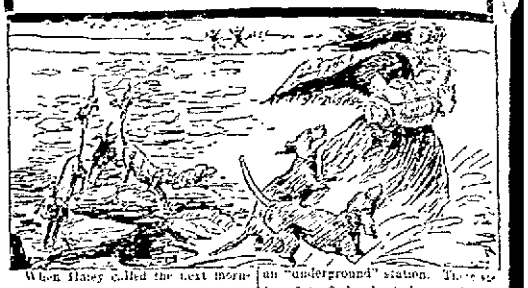
A Tabloid Story from the Immortal Novel

"UNCLE TOM'S CABIN"

Now in a $2,000,000 Universal Picture to be Shown for Week at Grand Theatre, Starting Sunday.



When Haley called the next morning for Harry and Uncle Tom and learned of Eliza's disappearance, he was bitterly angry and accused Shelby of helping them to escape. Soon the news reached Harris and he, too, called on Shelby, blamed him for the loss of George, and said that was what came of putting befuddlin ideas in the heads of slaves. Shelby's dignified denial at length convinced both. Haley left with Uncle Tom, while Harris set out with bloodhounds to track Eliza. The dogs were in charge of two of the Shelby negroes who purposely led Harris off the trail. This alone enabled Eliza, exhausted from her night flight through the snow, to reach, on the banks of the Ohio river, an "underground" station. There she hoped to find a boat that would take her across to Ohio, a non-slave state, where in comparative safety she might learn something of George's whereabouts. Unfortunately, she was seen and recognized by Marks, an unprincipled lawyer, and Tom Loker, who made a business of catching and selling runaway slaves. Warned in time by the woman of the house she escaped and fled to the river. There was no boat, the swollen stream was filled with floating ice. On the bank she hesitated. The baying of the hounds on the scent reached her ear and in desperation she leaped to the next ice cake.

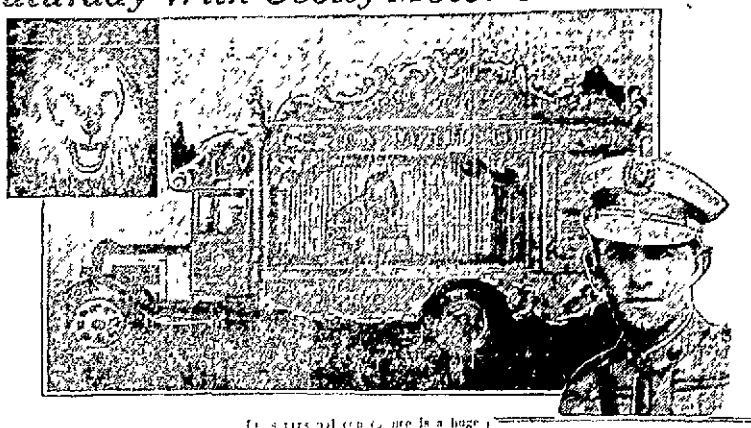
Famous Motion Picture Lion Coming Here Saturday With Costly Motor Car Caravan



"Leo" To Be Exhibited at Palace Theater and Children's Home

It [illegible] every night that less $166 [illegible] spent for the component with a he travel, but that is the sum we are told, that is represented in the motor cars and trucks that comprise the caravan which is transporting Leo the Metro-Goldwyn-Mayer lion on his tour of the world. Leo is the well known trade mark lion of MGM that roars from within by Ars Gratia Artis! wreath at the beginning of all of that company's motion pictures and in his now making a tour of the world to visit all his motion picture fan friends

One of the scheduled stops of his itinerary is Marion, where he will be exhibited in front of the Palace theater Saturday noon at 11:30 o'clock.

The caravan will also go to the Marion County Children's home to give the youngsters an opportunity of seeing a close up view of Leo.

The entire caravan consists of a huge [illegible] truck which has been [illegible] with the [illegible] and a [illegible] vehicle [illegible] for any [illegible] feet over all and of [illegible] private cage occupies [illegible] feet.

Hollywood's Movie Studios Now Build Little Cities of Stone Silence on Lots

And If You Happen To Pay Visit Don't Sneeze for It's Regarded as Nothing Less Than Misdemeanor or Felony, Marks Great Change in Production of Pictures

Hollywood, Cal., Oct. —In every one of Hollywood's larger motion picture studios there is now building or to be built a little city of dreadful silence.

And if you, a visitor, chance to be afflicted with sneezing fits or have that one cough in a carload, it is worse than dreadful.

A cough rates somewhere between a murderous and a felonious while a sneeze is nothing short of high treason.

It is here, sometimes in a corner guarded with cossacks like villains and sometimes in various straight points about the lot guarded with camera eyes that the motion pictures newest wriable, talking pictures are made.

Marks Big Change

Their coming has marked the passing of many of the picturesque phases of the industry, not least of which was the megaphoned director, parcelling out destiny to the different players as the play proceeded by giving them a bit more dramatic action here, or a mite less comedy there.

Now the director is included in the silence which hangs like an ominous pall over the set once the action starts.

In fact the old familiar sights of picture shooting are almost all gone now.

The symbol of the directional booth echoed the megaphone is nowhere to be seen. Assistant directors formerly noted for the hollows power of their lungs now move coffin on rubber soled shoes. So do the property men, the cameramen and the electricians.

There is a sound proof booth encasing the camera—maybe more than one if shots of different ranges are to be taken for close up insertions or the like.

The director calls for a rehearsal. The actors and actresses go through their scene spelling their lines distinctly, and carefully omitting the hiss of sibilants and tongue tones.

It is O K and a tenseness settles down over the stage as an assistant director, signalled by the director blows a sharp blast on a whistle. Everything within sound of that whistle must hold to absolute quiet until a two blast whistle shall lift the spell after the scene is stopped.

Noises Stop

Everyone halts in his or her tracks. Sneezes are stifled and coughs swallowed. Human life has for the nonce become rigid. Hands feet, head and almost diaphragms.

The director lifts a hand telephone beside him to speak to the talkie operator.

"Ready?" he queries.

"Just a couple minutes, chief," is the response.

Then in a minute comes a click over the line and the director echoes it with a chatter he hits in his hand. The scene is on.

Wholesome Confections

With the appearance of the winter like weather, everybody realizes the need of sweets, that if properly selected, gives the body an abundance of carbohydrates, proteins, fats, minerals, and the so beneficient vitamins A, B, C, and D.

The sugar contained in our candies, or any honest to goodness candies, is a source of heat and energy. It is quickly utilized, as it is generally known and conceded. Moreover our candies made in our own sanitary shops, carry the distinction of being made under our strict police of purity and wholesomeness and they retain that individuality that make them more and more appreciated by the ones that know quality food, for they're food and a rich one, too.

We are searching the world over for different kinds of raw materials as you will see. We go to *Ceylon Islands for our cocoanut; France for fruits* and walnuts; to Spain for Almonds; to Italy for almonds, Filberts and those delicious Maraschino Cherries; to Turkey for Filberts and Figs; to South America for Brazil Nuts; to Sicily for Pistachio Nuts; to Pecan for Pecans, to Switzerland for water paper, and as to the boxes and fancy packages there is no limit. There are a few states, *Washington*, Colorado Missouri, Illinois, New York, Indiana, Ohio Pennsylvania and nearly all over the country, not mentioning the German and Japanese and Chinese fancy baskets and all kinds of fancy packages.

SINCE YOU'VE GOT AN IDEA OF THE *SCOPE OF OUR SUPPLIES, WE WANT TO* PRESENT ANOTHER FACT.

We *are able to procure and produce the very* best or the very cheapest of anything in the confectionery line. We, too, could substitute, like many others do, and sell everything as cheap if not cheaper than any one else.

When you stop to *think that there is only one* profit to be made, but if you could get the very best of anything as well as the last word in Candy, where would you go?

One could expect to get everything at the place that specializes in that particular item and if we fail you will soon know it. As it is, when you want something cheap, you can get it any old place but when you want something good and wholesomely nutritious and PURE and FRESH you *must remember that there is one place* in this part of the state that stands as big as a mountain when it comes to individuality, neatness, nutrition and freshness of any product that we sell—we make a specialty and a real one too.

MARION COUNTY MEN LODGED IN JAIL

Hardin County Officials Arrest Paul Payne and Roy Bishop

Paul Payne, 20, and Roy Bishop, 18, of Morral, are being held in the Hardin county jail in connection with the theft of 39 inlaid chickens from the Glenn Lawson farm, near Kolverton, south of here.

According to county officials who arrested the two after a two-mile chase along a Logan county road, the young men have signed statements admitting the theft.

They are also being questioned relative to the theft of hubs, coils and inner tubes from a car in the Lawson barn. Bishop is said by officials to have been sentenced from Marion county for chicken stealing.

Suspicion was directed toward Payne, brother-in-law of Lawson, when the former is alleged to have said he would "clean the Lawson place."

CISTERNS FILLED

Downpour This Morning Replenishes Marion Water Supply

While housewives whose cisterns were low traveled in the downpour of rain this morning, the spirits of Harding high school students looking forward to a football game with Findlay Saturday afternoon, were gradually sinking.

However, weather prediction of "fair and colder," the ideal football combination, for Saturday, dispels the high school students' gloom and the fact that 1.6 inches of rain fell today will no doubt lessen the housewives' anxiety regarding low cisterns.

The rainstorm today was preceded by a rise in the temperature yesterday. The mercury went to 81 degrees in the afternoon, the highest point reached here since before the spell of cold weather a week ago. A 61-degree low was recorded last night.

A year ago 77-degree high and 45-degree low temperatures were placed on record.

MAY HAMPER PLANS

Rain May Cause Change In Activities of Boy Scouts

Mt. Gilead, Oct. 5.—Unexpected showers this morning and prospect of more during the day may hamper some of the outdoor activities planned by the scouts of five counties in their second annual pow-wow here this afternoon and tonight. However there will probably be exercises in the opera house in which the court of honor will officiate and award badges. Congressman Brooks Fletcher is scheduled to speak. Officials are planning a parade from the school house to the fairground, headed by the Mt. Gilead Boy Scout band, the weather permitting.

NOT FAIR TRADE

Thieves Take Two Tires and Rims, and Leave Jack

Is one automobile jack for two tires and rims a fair trade? Mrs. J. F. Kerr, 243 West Church st., says it is not.

When she came out to her Ford sedan this morning, she found it jacked up, with two tires and rims taken off, according to a report made to city police today. The thieves had used the jack from her car and a jack of their own which they left under the car. The sedan was parked in front of her home and the theft was committed between 5 and 6 o'clock this morning, Mrs. Kerr believes. Nothing else was taken from the car.

Mystery of Former Local Woman's Death at London Unsolved, Officers Report

Grace Dugan an Enigma in Death as She Was in Life, Madison County Authorities State; Was Formerly Employed Here as Domestic

Grace Dugan, 50, who was found in her home at London, Sunday with a bullet through her head remains as much an enigma to county authorities as ever, it was known of the woman whose life closed almost as tightly in death, are in death.

It was revealed here today that Miss Dugan lived in Marion and in a number of homes as housekeeper. She is said to have been employed by Mrs. W. E. Messenger, Mrs. F. B. Mann, S. Vine and Mrs. John VanEtten, S Main

Although Miss Dugan was considered a rather housekeeper she is said to have been of an eccentric nature. She is thought to have come here from Madison county after her father died several years ago.

Builds Home in London

Where Miss Dugan went when she left Marion is not known but she is said to have told residents of London that she went there from Columbus. After arriving at London more than a year ago she built a six-room house and apparently had plenty of money.

Whether or not Miss Dugan's death is the result of suicide or murder London authorities are unable to decide. She is thought to have been dead nearly a week when she was found yesterday morning by Jacob Rhoades, Marshall J. C. Crabb and Joseph Thompson, at whose home she lived while her home was under construction. She was lying on the floor where she had fallen after a bullet from a 25 calibre automatic pistol had pierced her brain. The gun was found under her shoulder.

Marshal's Opinion

Marshal Crabb believes that if the woman had killed herself she would have fallen on the gun and the bullet would not have penetrated where it did. The body was found in the front room. Her feet were under the davenport. In the kitchen sink were a number of partly washed dishes.

Neighbors of the dead woman report that a closed automobile had been parked at the Dugan home for several nights last week. A survey of the house, however, failed to reveal anything that had been disturbed. An account book bearing the name of Dugan Bros. Lima, was found among some papers and bills. In a London bank where Miss Dugan kept a safety deposit box, $2,000 in Liberty bonds were found.

Records at the local postoffice show that Grace Dugan, who gave her name as "Dugan" rented a box there Aug. 11, 1925, giving the Marion County bank as a reference and 235 South State st. as her residence. She gave up the box on July 3, 1927, and has not been seen there since that time. Officials at the postoffice recall Miss Dugan as a quiet, refined lady.

ALEXANDER AND PIPGRAS CALLED UPON TO HURL IN SECOND CONTEST

CARDINALS PIN HOPES ON "OLD ALEX" TO EVEN SERIES FIGHT

Pipgras Is New York Choice in Second Contest

BY DAVID J. WALSH

NEW YORK, Oct. 5—Having thrown a scare into the St. Louis camp by winning the first game, it would seem the New York baseball team today was ready to resume its attack of the dramatic successful variety. Everything is set for a full attack. In other words, come early tonight, the curtain will be raised on what promises to be a thriller. Alexander the Great will be called forth to replace the disabled Sherdel in the crucial role of Cardinals. Opposing him will be George Pipgras, the man who holds the distinction of being the best pitcher on the Yankee staff in this case second place hardly is distinguished from seventh or eighth.

Pipgras started a great ball game and will go as far as he is able to go until the second in St. Louis. Later himself as he probably will but the man he was to succeed so there was at least a chance that one might see a few scoreless innings during the general exercise.

Situation Unchanged

Because barring an execution of that trick ice important to win the situation will be just the same. Some ball clubs some times, but for anyone knows may be the result. The halt and lame are certainly pitiful to behold as they hobble out to the plate from the Yankee dugout yesterday so weak and infirm that they could barely hit one out of the park. Some of the things that will happen are the odds that favor the Yankees at 7 to 5 yesterday crowd of 80,000 that turned up so faithfully absent and the helpful Ruth who was within, to the immediate from a $15,000 for the small fee just because he knows you pay him he won't be around that he just about disgraced himself steel.

Odds disappeared entirely on the field of the Yankees first victory and Hoyt seeks to come back twice in the series just that long they having dollar for dollar in down at hotels. However the Cards set Pipgras at 6 to 5 on today's game largely because the boys have remembered with almost no difficulty what he did to the Yankees two years.

They also seem to recollect that late of his shutout of the Athletics mid September. Pipgras has had a long time of it returning three men to the base inning.

Met One Game Pitcher

A Pete is what they call a one game pitcher meaning a great man to beat in there for a single concentrated effort. He no longer is able to throw the ball up your sleeve at 20 paces but still does not have that can guarantee to go out the end route with him the end unashamed. But if it so be that trifling declines an open mind today this serious serious will be set no more. In brief this is the day game for the Cardinals Alexander is their official day pitcher. As for Pipgras, he has the most remarkable don't pitcher in many weeks. However one can not put the finger on George to lure him to win and instead of the hitters he will spend the day fooling you. Peg him early and he will show his best versatility reversing the field. If George and the Cards will have a lot of fun trying to beat him at

Every club of course looks like the Yankees behind good pitching so far. Yankees completed them with some distinction yesterday was difficult to see how they could

Cards Pray for No More Injured New York Players

BY LES CONKLIN

NEW YORK Oct 5—If Hafer breaks a leg if Alexander has another brain wash if French falls under a car way train and if Haines should be struck in front of an express on a grade crossing then the Cardinals will have an excellent chance of winning the series. Provided of course the Ruth and Lazzeri do not suffer a relapse.

As long as they remain crippled, the Yankees have the edge on an all-Rebel St. Louis team. The ninth was demonstrative of convincingly when the entire bobbled home to 4 to 1 triumph over a Missouri maulers in the first game of the annual postseason hostilities. The broken-down Ruth poured in the second of three Yankee runs and three runs was New York's margin of victory.

The Cards today are filling the unenviable role of the sucker who was hornswoggled twice by the same gang of cute sharpers. Last year the Pirates were assured the Pennock had been incapacitated when hit on the knee by a line drive. A few days later the husky hitting bean held them to three hits. And this year the National league champions have been hoaxed by the same old injury propaganda.

The Cardinals are hoping and praying today that Ruth's one good leg doesn't get out of shape. If that should happen the Babe might run his .700 batting average up to .900.

* * *

The St. Louis hitters with the exception of Bottomley were chloroformed by the color of anesthetics wafted toward them from the New York dugout. It looked as if Hoyt might pitch a no hit game until the fans put the jinx on him by starting to root for the rascal.

Sherdel didn't walk a man but many of his pitchers were as wild as a cuckoo clock. And slow! While waiting for the ball to reach the plate the Yankee batters had time enough to recite the first three verses of "The Face on the Barroom Floor" and say the alphabet backwards twice.

The New York fans had heart failure every time Paschal got hold of a fly. Benjamino squats like Sitting Bull and his method is a cross between one of Maranville's basket catches and a seal on catching a fish.

* * *

Maranville caught Hoyt's foul fly back handed within two inches of the left field wall while on the run and then pivoted away from the barrier with all the grace of a toe dancer just as Bill Mehelchen was about to summon an ambulance from the Huggins hospital.

* * *

Mensel sinns being a hero quite boring. In acknowledging the thunderous applause that greeted his home run he tipped his cap as if he were bumming a fly off it.

* * *

Sinns Hafer didn't get a hit. But if you think he'll go hitless through the entire series, then you should be playing quarterback for Pittsburgh this fall.

* * *

Ruth didn't budge when Battenfield's circuit wallop sailed over his head. George smokes the same brand himself.

* * *

Benny Bengough made a bet of $50 that the Cards wouldn't steal a base on him during the series. It's still safe. Wilson the only Red Bird who attempted to carry the mail yesterday was thrown out by a city block.

* * *

When Ruth ran out his doubles he was lumbering along like a truck with a flat rear tire. He had to stop halfway between first and second base and wait for his lumbering to catch up with him.

* * *

When the Babe clouted his third hit of the day a disgruntled St. Louis fan shouted "take off those bandages Ruth—we know you."

TWO HOME FOOTBALL GAMES ON SCHEDULE HERE FOR WEEK-END

Harding Meets Findlay Saturday, Pro Season To Open Sunday

ALL sport season over the week end is in promise for Marion fans with Harding playing Findlay Saturday and the Marion A. C.'s taking on the Jaegers Mixers of Columbus at the fairgrounds Sunday afternoon. In addition fans will have the third game of the world series to draw their interest.

Harding's contest will have no bearing on the N. C. O. league but will give the locals a chance to try out this new offensive plays given out in practice this week by Coach Bobye. The game is not expected to be a walkaway however.

The Jaeger Mixers will pry the lid off of the Marion professional football season. The Columbus team is made up of the greatest stars around the capital city and last year won the central Ohio championship.

RACE TIED UP

San Francisco Oct. 5—The scramble for the pennant in the Pacific Coast league was all garbled up today with San Francisco and Sacramento tied for honors for the last half of the race. The San Francisco club won the pennant in the first half of the split season.

ARMY, NAVY FRAYS IN EASTERN LIMELIGHT

Navy Defeat Would Eliminate Service Team from Consideration

New York Oct. 5—The Army and Navy games are the features of tomorrow's football clashes on eastern gridirons. The service elevens are attracting more than the ordinary early season attention this year. The big three begin their schedules tomorrow.

The star of the Army is undimmed by defeat such as has been visited upon the Navy and the contest of the United States Military Academy team against the Southern Methodist college team looms as the major eastern game this week.

The Navy will take on Boston college at Annapolis and the outcome will provide interesting indication of the sort of season the mullets are to have this year. After their surprising loss to Davis Elkins last Saturday, a defeat at the hands of the Boston college team decisively beaten by the Army last week would practically eliminate the Navy from consideration among the strong eastern elevens.

No man wants to be forcibly impressed by somebody else and it is the same with nations.

OHIO STATE GRIDDERS COMPLETE TRAINING FOR INITIAL CONTEST

Coach Wilce To Start Varsity Against Wittenberg Saturday

Columbus O. Oct. 5—Deep in the intricacies of defensive training under the guise of candidates for the Ohio State university football squad was expected to be made by Coach Jack Wilce today in preparation for the season's opening clash with the Wittenberg squad at the Ohio stadium Saturday afternoon.

The Ohio mentor put his proteges through work-outs dealing largely with defending passing attacks this week. Pairing his temporary varsity squad on the field goals against the reserve team Coach Wilce began to iron out the defects in the defensive strength of his material as the windup of a four weeks practice program.

Evidence that the Buckeye gridders were sadly in need of defensive in most of the practices and gave the fullback trouble in the reserves. At many points of the practice sessions early in the week the scrubs appeared to have little trouble in handling the ball for continual gains.

Defense Improves

The result of good defensive applications erupted out on the team as the practice week progressed and yesterday the Buckeye squad appeared in good condition for the initial fray.

Ohio State will open its 1928 season with practically all of its most promising players in uniform if not in the lineup although still feeling the effects of recent injuries. Krise, half back, Hopkins and Barratt, center and Krukamp fullback have been working out with the team this week.

Coach Wilce is expected to place his varsity lineup against the Lutheran

There's somebody like him in every office

LISTLESSLY he begins the day. But he has no grip on his job. His desk piles up with unfinished work. As people help and pity him, he realizes that he might as well face the truth. He is through. The pace is too much. Something has been stealing his energy—killing his ambition. He isn't sick—and yet, somehow, he never feels well.

Thousands of men are falling behind the crowd, all because they fail to realize how deadly constipation is. Constipation can wreck the strongest body. Headaches, sleepless nights, listlessness, wan complexions are just a few of its early symptoms. In the end, it often leads to serious disease.

What a pity more people do not know there is such prompt relief from this terrible *scourge! Kellogg's* ALL-BRAN *is guaranteed* to relieve constipation safely. More—to prevent *it just as surely.*

Only ALL-BRAN *is 100% effective*

It is bulk that relieves constipation. Because it is 100% bran, Kellogg's ALL-BRAN supplies bulk in generous quantity. In a part-bran product the amount of bulk is usually too small to be completely effective. That's *why doctors recommend* ALL-BRAN.

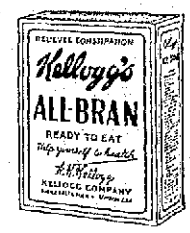
ALL-BRAN *brings natural relief*

Kellogg's ALL-BRAN is totally different from dangerous drugs and pills whose dose must be constantly increased to be effective. It works as nature works. The health of the entire family can be maintained by serving ALL-BRAN in some form every day.

A pleasant cereal. To eat with milk or cream. Delicious with fruits or honey added. Use it in cooking too. Just eat two tablespoonfuls daily—chronic cases, with every meal.

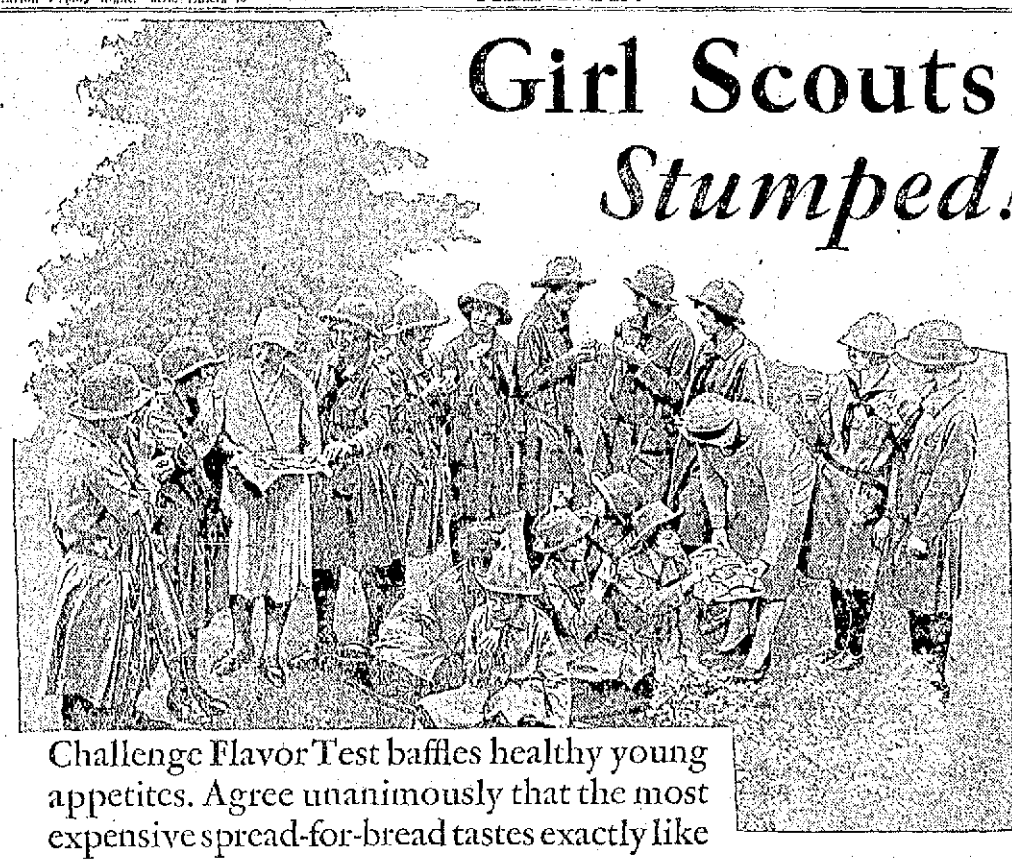
But get genuine Kellogg's—the original ALL-BRAN. Sold by all grocers. *Served* at hotels, restaurants. On diners. Made by Kellogg in Battle Creek.

Kellogg's ALL-BRAN



Guaranteed! Kellogg's ALL-BRAN is sold with this definite guarantee: Eat it according to directions. If it does not relieve constipation safely, we will refund the purchase price.

Girl Scouts *Stumped!*



Challenge Flavor Test baffles healthy young appetites. Agree unanimously that the most expensive spread-for-bread tastes exactly like

JELKE GOOD LUCK MARGARINE

WHEREVER the Challenge Flavor Test is made, always the result is the same. Neither the unspoiled appetites of young folk nor the educated palates of food connoisseurs can find any difference between Jelke GOOD LUCK Margarine and the most expensive spread-for-bread.

The latest "jury" to test and judge this issue are the sixteen alert, vigorous and healthy girls comprising a Troop of Girl Scouts.

But despite a sense of taste as keen as their sight and hearing, these young lovers of outdoor life decided unanimously that Jelke GOOD LUCK Margarine and the most expensive spread-for-bread were exactly alike in flavor.

Two sandwiches were served to each scout. "Do you detect any difference?" was asked. Not a scout—not one—could tell one from the other. Yet one sandwich was spread with GOOD LUCK *and one with an expensive spread for bread.*

IF these keen tastes can't discover any difference it's unlikely that your own family will. You might just as well have the saving this high grade margarine gives. Try the Challenge Flavor Test yourself, at home, unannounced! Let the family decide.

Challenge Flavor Test *reveals a new way to save*

"Uncle Addie" Stages Toy Shows on Vacation Journey

[illegible] BAIN, beloved by the [illegible] of Marion, gained addi[illegible] and affection from the [illegible] of other communities on his three [illegible] trip through northern [illegible]. Mr. Bain was the [illegible] Mrs. William Vern[illegible] Bryden, Mich., and their [illegible] Saturday.

[illegible] to Sunday school and [illegible] the class that "Uncle [illegible] to bring his wonder [illegible] when the next Sun[illegible] had made arrangements [illegible] to a lake 40 miles [illegible] particular Sunday, but [illegible] Pleasing of Little Joan[illegible] her way, and her guest [illegible] to Sunday school. Thes[illegible] attraction for the class [illegible] three other rooms as[illegible] joined an hour with their [illegible] classes.

Visits Old Friends

[illegible] ago, Bain befriended a [illegible] motherless children, and [illegible] since that time they have written him [illegible] regularly. On his trip to Lake Orion Bain met several of these youngsters, some of whom are now married. His dolls proved a delight to the [illegible], and he was requested to take them to the United Brethren church of Orion. Their popularity was tremendous, and [illegible] to say.

A group of his friends suggested that he take them to a nearby town and exhibit them as an aid in drawing crowds for a blind man who was holding revivals. Their magic attraction had immediate results.

On his way home he stopped at Toledo, and several of his friends there were interested in the dolls and suggested that he show the toys at Lincoln school there. The school authorities were willing and he showed them before a combined audience of several classes in the school auditorium.

Shows in Upper Sandusky

"Addie" reached Upper Sandusky just at the time when the schools were giving an entertainment on the public square. In response to a special request from the school heads he showed his dolls and games before an audience of the first, second, third and fourth grades of the Upper Sandusky schools, assembled together in the courthouse esplanade at the close of the school entertainment.

During his stay in Michigan, several beautiful pictures were presented to him by persons who had heard of his "Log Cabin" which he is going to build at Crystal Lake park for the kiddies, and who wished to be remembered in the new house. Two beautiful oil paintings are numbered among his collection.

Mr. Bain visited a great many lakes on his trip, which covered over a thousand miles, but he reports that the fishing was poor. The brilliant coloring of the changing foliage and other scenic attractions impressed him, though, and he was entirely pleased with his pleasure jaunt.

LORAIN OFFICER IS UNDER INDICTMENT

Charged with Shooting with Intent To Wound in Heywood Case

Elyria, Oct. 9.—Lorain County today was under an indictment charging him with shooting with intent to wound Miss Betty Heywood, 22, who was shot Sept. 27, when an automobile in which she was a passenger was fired on by prohibition officers, stationed at the Lorain city limits.

Cleo and Walter Knitter, Lorain patrolmen, and Frank Kiely, a deputy sheriff, were members of a special prohibition enforcement squad organized by Mayor J. C. Saunders, of Lorain. Stationed at a bridge just outside Lorain, they were watching for rum running automobiles when a car driven by Charles Edwards, and occupied by Miss Heywood, her father, Mrs. Edwards, and a child, passed.

When the automobile failed to stop, several shots were fired. Cleo is understood to have admitted that he did the shooting. The county grand jury, which reported last night, will not reconvene until Oct. 22. Charges of shooting with intent to wound also stand against Knitter and Kiely. The grand jury did not indict them, however, and held their cases over for further consideration.

A Greatly Simplified Party Cake

Cake Mixing Time, Less Than 15 Minutes!

This Week's Prize "Kitchen-tested" Recipe

Of 319 women trying this greatly simplified recipe, 318 had perfect results their first try. The one who failed blamed carelessness in measuring. It's called a "Party Cake," but don't wait for a party to try it. Have it next Sunday as a treat for the family.

By the development of an utterly new type of flour—Gold Medal "Kitchen-tested" Flour—baking has been simplified amazingly for housewives. And the causes of most baking disappointments banished.

"Kitchen-tested" means that every batch of this flour has been tested in a kitchen, at the mill, in an oven just like yours, before it goes to you. Tested for uniformity of result with home recipes.

That means a flour that acts the same way EVERY TIME with your recipes. Most flour varies greatly. Different sacks of other brands often acting, as you know, entirely different in your oven. That's where over 50% of all baking disappointments come in.

Now special "Kitchen-tested" recipes, too, have been developed. The recipe thus fits the flour exactly. And the flour fits the recipe exactly. So you get EXACT results every time.

To use this combination is a revelation in easier, simpler baking. But you must use "Kitchen-tested" flour. Ask your grocer for GOLD MEDAL "Kitchen-tested" Flour. The words "Kitchen-tested" are on every sack. Get that brand of flour before you try this recipe.

—Cut out along this line and save—

RECIPE . . . . *Party Cake*

½ cup shortening, 2 cups sugar, 3½ cups GOLD MEDAL "KITCHEN-TESTED" FLOUR, 5½ tsps. salt, 5 tsps. baking powder, 1¼ cups milk, 1½ tsp. flavoring, 5 egg whites.

METHOD

1. Cream shortening and add sugar gradually. 2. Sift flour once before measuring. 3. Mix and sift flour, salt and baking powder, and add alternately with milk. 4. Add flavoring—vanilla and almond together are good. 5. Fold in stiffly beaten egg whites. 6. Pour into well greased and floured pans and bake.

TIME: Bake 30 minutes.

TEMPERATURE: 350° F., moderate oven.

SIZE OF PAN: Two 9-inch layer pans or three 7-inch layer pans.

AMOUNT: 10 servings.

Comfort Icing

2½ cups sugar, ½ cup white corn syrup, ½ cup water, 2 egg whites, 1½ tsp. vanilla.

METHOD

1. Mix together sugar, corn syrup and water. 2. Boil without stirring. Remove crystals from around pan during boiling process by means of a wet cloth. Cook until first indication of a thread appears, 234° F. 3. Pour the hot syrup slowly over stiffly beaten egg whites, beating with egg beater during addition. 4. Add vanilla and continue beating with a spoon until mixture will hold its shape (about 10 minutes). 5. If mixture does not set so that it will stay on cake, add 2 or 3 tablespoons of powdered sugar, a tablespoon at a time until mixture is stiff enough.

Note: Part of icing may be colored pink with vegetable coloring matter and used on sides of cake with white icing on top and between layers. Pink candles to match sides can be placed on top of cake for birthday party.

The Mystery of Natural Loveliness

Just how valuable is glycerine soap in the care of the skin? And why is pure glycerine used so generously with other beneficial oils in making dainty Jap Rose, the visibly pure soap?

Many a dowager of sixty, whose *beautiful complexion and soft* smooth skin is the envy and despair of her granddaughters, attributes her natural loveliness to the fact that she has never used any other cosmetic.

Possibly you do not know that her faith is confirmed by the foremost authorities. Speaking of glycerine, Deite, the great German student, says it is an "actual cosmetic."

The exhilarating tingle of Jap Rose soap as its satin lather enters and cleanses clogged pores, the feeling of freshness and immaculate cleanliness it gives, these cannot be described. Let a trial reveal to you the delights and the benefits of this true aid to beauty. Get a cake today.

BARNSDALL STOCKS TAKE LEAD IN OILS

Bond Market Steady with Commodities Firm; Price Changes Narrow

MUCH EXCITEMENT

Motors on Upward Trend; Chrysler, Hup, Hudson Score Gains

New York, Oct. 5—Furious bidding for a number of the specialty, oil and motor stocks at the beginning of trading today whipped the whole market in a frenzy of excitement. The star performers were: Barnsdall Corporation, the oil company that has made valuable new discoveries in its western fields; Keith Albee Orpheum, the theatrical pawn in the big consolidation game; Universal Pipe and Radiator, a newcomer to the active list; Chrysler Motor, Hupp, Hudson and Packard, which have been making speculative history in the last three months.

Wall Street derived considerable satisfaction from the reserve board's weekly statement, which revealed that the reserve banks had purchased $46,000,000 of bankers bills and $1,000,000 of treasury notes in the open market. This looked like an important reversal of policy, on the part of the bank heads and more than offset the $45,000,000 increase in brokers loans, which now appears to be a negligible factor in stock market affairs. Call money renewed at seven per cent.

New advances were inaugurated in Victor Talking, Lambert Allied Chemical, Bethlehem Steel, Gillette and a dozen or more of the speculative favorites of the past week. Trading was in the million-share rate in the first hour, though pool efforts were largely centered in the motors and specialties. Active bidding for Chrysler Motor, Hupp, Hudson and Packard resulted in the new gains of one third points. Hupp toping 77 for the first time and Hudson pushing above 88 in active trading. A number of the oils followed Barnsdall, but for the most part the more was an individual affair with Barnsdall in the title role.

The bond market was steady and the commodity markets firm, with narrow price changes.

TODAY'S REVIEW OF YESTERDAY'S GRAIN

Chicago, Sept. 5—Grains in general displayed strength yesterday and trade in all pits was of a more extensive nature. Sentiment was bullish and all breaks met with better buying. Wheat did not hold all of its advance, but closed with gains of 5-8@1 1-8c. Corn likewise reached from the top and finished 1 5-8@1 3 4c. Oats were 3-8c higher and rye was 1@1 7-8c up. Lard was unchanged to 12 1-2c higher; ribs were unchanged and bellies unrevised.

Local shipping sales were 15,000 bu wheat, 93,000 bu corn, 58,000 bu oats and 20,000 bu barley. Seaboard failed to report any export business of consequence.

Country offerings of corn to arrive were larger with a total of 233,000 bu new and 6,000 bu old being looked. Deliveries on October contracts were 12,000 bu corn.

Trade Large

Trade in wheat assumed larger proportions as the session drew to a close and a fair advance was registered. Principal strengthening factors were the upturns shown in corn and Winnipeg markets.

Commission house buying was of a fairly general character and the offerings came largely from longs. Sellers of privileges were forced to protect themselves as prices worked higher.

Winnipeg strength was due partly to the fact that the grading of new arrivals is disappointing. Of yesterday's run only 51 per cent graded No. 1 northern or better.

It is said that Duluth No 1, northern is now at a cheaper basis than No. 3 Manitoba for export. Local receipts were fair. Northwest arrivals were 1,572 cars and Winnipeg had 2,078 cars. Canadian marketings were 5,093,000 bu.

Oats Up

Oats moved upward with other grains. Buying was largely by commission concerns. Cash bids was ½c higher to ½c lower. Receipts were moderate.

Trade in provisions was strongly bull and prices showed little change for lard and strength for bellies. Receipts of hogs were 19,000, and western points had 60,200, against 74,100 last year. Cash trade was fair for lard and slow for meats.

Today in Marion Markets

Groceries, Produce, Meats, Grain, Livestock

With stocks of all sorts rapidly dwindling, supplies of canned and tropical were reported as exhausted on local produce markets by retailers today.

"There is not much of anything to sell, but what there is of it is very good," one local dealer said this morning.

With shoppers still failing to send in fresh supplies, conditions remained practically unchanged in both the retail and the wholesale markets of the city this morning. Not a single price variation was reported.

For almost two weeks stocks of home grown fruits and vegetables have been exhausted. Wholesalers have been drawing up supplies held in their warehouses, but these stocks are rapidly being drained.

OHIO STATE GRIDDERS COMPLETE TRAINING

Coach Wilce To Start Varsity Against Wittenberg Saturday

Continued from Page 19

squad at the start of Saturday's test although other promising backs will likely be tried out whether Graff is the final choice remains to be seen.

Lutherans Best In Years

With Coach Ira Gerber of Wittenberg back at the helm after a year's absence, the Lutherans are rated by a good many critics who are believed to make up the best team in that college for years. The Ohio State eleven is primarily concerned with the Lutherans this week as it is the only game available to the locals for practice before the Illini game next week. Lutherans lost a close decision to Ohio Wesleyan last week and Coach Gerber is expected to field the strongest team possible in an effort to avenge that defeat. The Ohio State-Wittenberg game will be the first night game ever played in Ohio Stadium.
